

Notes on usage of the RIC Facility

1. All investigators must register to use the facility. Registration forms can be obtained from the lab technician.
2. When an instrument is used, fill out one row of information on the back of the corresponding card and drop it in the Usage Box by the door of the facility.

Example:

PC-RIF
873 WIDB
801-422-3195

Nanodrop (873 WIDB)

Investigator	User	Item being Analyzed	Date	Time Used
Dr. Burnett	Nels	DNA	5/18	10 min

3. To schedule usage of the Flow cytometer, Zeiss Axioskop, or the Ultracentrifuge you must create a user account on our scheduling website, located at RICFacility.byu.edu. To create a user account please see the lab technician or email a request to RIC_Tech@byu.edu.
4. When scheduling a Flow Cytometry appointment please schedule at least one day in advance, otherwise the staff may not know you have scheduled and will not be there to run your samples.
